

# Delta Epsilon Iota

## Auburn University

Promoting the principles of Dedication, Enthusiasm and Initiative in all aspects of campus life.

### Chapter Programs and Activities

Involvement in your local chapter is one of the most important aspects of membership in the Delta Epsilon Iota Academic Honor Society. Chapter participation provides a forum for leadership, community service, and valuable insight into career development issues through meetings, programs, and special events.

Delta Epsilon Iota provides students from all majors the opportunity to network with employers and each other through chapter activities, career development events, and community service.

### New Member Reception

As a new chapter member, you will be a guest of honor at this year's New Member Reception. This event features a keynote speaker, the introduction of Delta Epsilon Iota members, and the formal presentation of chapter awards and scholarships.

Last year, over 150 students and guests attended the New Member Reception in the Dixon Conference Center of The Hotel at Auburn University. Dr. Mark Wilson, Assistant Director of the Center of Arts and Humanities, delivered a memorable keynote address.

### Become a Member Today

You can get involved right away! Chapter leaders are ready to contact you with information on how to begin participating in chapter activities. Be sure to indicate your level of interest on your membership enrollment form. We hope that you will consider an active role in our chapter at Auburn University!
